For Immediate Release

The City of Danville Public Works Department announces that a section of concrete pavement will be replaced in the eastbound lane of Voorhees St. between Koehn Dr. and Fowler Ave. This work will begin Monday, December 21, 2009 and be completed Wednesday, December 23, 2009, weather permitting. Eastbound traffic will be directed to the center turn lane for one week beginning December 21, 2009 to allow the new concrete to cure. Motorists are urged to use caution when travelling through the work zone. For further information contact the Public Works Department at 431-2288.
