#6 Resolution Authorizing Purchase of a Sewer Grinder at PSB

Chairman Foster presented a resolution authorizing Danville Public Building Commission to purchase a sewer grinder at the Public Safety Building, at a sum not to exceed \$150,000.00. Kevin Davis moved for approval, seconded by Sharon McMahon. Director Weaver stated the current grinder is 11 years old and it will not take plastic and other things that go through the sewer system. The City Solid Waste Division has to clean it out once a month and there is an ongoing problem with the Danville Sanitary District. Superintendent Ford stated he has contacted two other correctional facilities that have the same system that is being proposed and have had no problems with it. Mr. Nesbitt asked how large is the equipment and Superintendent Ford stated it is equipped with two 10 horsepower submersible pumps that will go down into the pit with specially designed stainless steel cutters on the bottom and the bearing on the seal assembly is completely separate from the shaft. Mr. Nesbitt questioned the life expectancy and Mr. Ford responded one of the facilities he made contact with has had this type of system for 15 years. There being no further questions or discussion, the roll call vote being:
Ayes: K.Davis, L.Davis, Golden, Hart, Hoskins, McFadden, McMahon, Nesbitt, Nichols,

Turner, Foster

#7 Resolution Authorizing to Replace Fingerprint Machine for Danville Police Department and Vermilion County Sheriff's Department at PSB

Chairman Foster presented a resolution authorizing Danville Public Building Commission to purchase a fingerprint machine for Danville Police Department and Vermilion County Sheriff's Department at the Public Safety Building, at a sum not to exceed \$22,000.00.

Kevin Davis moved for approval, seconded by Frank Hoskins. Director Weaver stated the State of Illinois is changing their computer system so the machine that is currently being used will not match their system. Ms. McFadden asked if the price included software and Director Weaver stated the software is provided by the State, but the machine needs to be compatible with the software. Chairman Foster questioned if the machine requires a special IP line and Director Weaver stated he could not answer that question. There being no further questions or discussion, the roll call vote being:

Ayes: K.Davis, L.Davis, Golden, Hart, Hoskins, McFadden, McMahan, Nesbitt, Nichols, Turner, Foster

#8 Resolution Authorizing to Seal Coat the West and East Drives and Parking Lots A, E, and F at PSB

Chairman Foster presented a resolution authorizing Danville Public Building Commission to Seal Coat the West and East Drives and Parking Lots A, E, and F at the Public Safety Building, at a sum not to exceed \$22,000.00. Frank Hoskins moved for approval, seconded by Craig Golden. Director Weaver stated we have been working approximately four years to upgrade and replace all of the parking lots. This work is the last step to complete the project. There is one sidewalk left to do which runs in front of the building. The City plans to renovate South Street so there is the possibility that they will share in the cost of a new sidewalk at the same time of the South Street renovation. Mr. Hart questioned if painting was included in the seal coat and Director Weaver stated "yes". Mr. Hart asked if the project will be put up for a bid and Director Weaver responded that quotes will be obtained and he is hoping the price will be less than \$22,000.00 and the work will be done in the spring. There being no further questions or discussion, the roll call vote being:
