

FOR IMMEDIATE RELEASE

Solid Waste Collection

OCTOBER 6, 2017

The Solid Waste Division of Danville Public Works announces that Residential Solid Waste Collection will remain on its normal schedule for Monday October 9, 2017. City of Danville offices are open as well on Columbus Day. All collection days for the remainder of this week will remain on their normally scheduled day.

Don't forget the Household Electronics Collection for City Solid waste customers is tomorrow October 7 from 8:00 to 11:30 AM at Danville Public Works, 1155 E. Voorhees. Visit www.cityofdanville.org for additional information.

Fall weekly leaf collection has begun so leaf materials may be placed out in approved paper waste bags and/or totes with Yard waste stickers. All items will be collected weekly until the first part of December, weather permitting.

We appreciate your assistance and cooperation in this unanticipated delay. Any questions may directed to the Solid Waste Division, Danville Public Works Department 431-2288.
